## JUNIOR FRONTEND DEVELOPER

Dhaka, Bangladesh | mdalamin22671@gmail.com | +8801771884750

[Portfolio](#) | [GitHub](#)

### SUMMARY

---

Passionate Junior frontend developer with expertise in React, Node.js, Express.js, MongoDB, and Firebase, currently pursuing a Diploma in Computer Science. Dedicated to building high-performance, responsive web applications that solve real-world problems. Eager to leverage my frontend and backend skills in a collaborative environment to create impactful digital experiences while embracing continuous learning and industry best practices.

### TECHNICAL SKILLS

---

**Frontend :** HTML | CSS | Tailwind CSS | React.js | JS (DOM)

**Backend :** Node.js | Express.js | MongoDB | JWT Authentication | Firebase

**Tools & Others :** Git & GitHub | VS Code | Chrome DevTools | Postman

**Soft Skills :** Communication | Adaptability | Learning Agility | Problem-Solving

### PROJECTS

---

#### 1. Fresh Reminders - Food Management App

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

**Description:** Fresh Reminders is a food inventory management app that helps users track expiry dates, reduce waste.

**Technologies:** React.js | Node.js | Express.js | MongoDB | Firebase | Tailwind CSS

**Key Features:**

- Smart Expiry Tracking – Auto-detects near-expiry (5 days) and expired items with countdown timers.
- Secure Auth – Email/Google login with JWT-protected API for safety.
- Food Management – Add, edit, or delete items with images & expiry dates, plus search/filter.

#### 2. Task Linker - Freelancing Marketplace

[Live Link](#) | [GitHub \(Client\)](#) | [GitHub \(Server\)](#)

**Description:** A freelance platform where clients post tasks, freelancers bid, and both manage work securely.

**Technologies:** React.js | Node.js | Express.js | MongoDB | Firebase | Tailwind CSS

**Key Features:**

- Task & Bid System – Clients post tasks with budgets/deadlines; freelancers submit bids for fair competition.
- User Control – Edit/delete tasks, view bid counts, and manage profiles with light/dark mode toggle.
- Secure Access – Private routes protected; login required with secure authentication.

### EDUCATION
